

Petition concerning service reduction at Canada Post

We, the undersigned residents of Canada, draw the attention of the House of Commons to the following:

THAT cuts to door-to-door delivery service must be reinstated in full, as the Prime Minister of Canada promised during the last election;

THAT seniors, persons living with disabilities, the self-employed and small businesses suffer the most from cuts to mail service;

THAT the current public review is an opportunity to expand Canada Post’s service offerings by providing new services, such as banking services, among others; and

THAT Canada Post is an essential public service for all Canadians.

THEREFORE we call on the Government of Canada to reinstate door-to-door delivery in all communities and explore other avenues to modernize Canada Post’s business plan.
